## AP Language and Composition Summer Reading

Mrs. Martin (cmartin@faleesburg.com)

If you have questions while working on summer reading, please feel free to email me. Give me time to respond to your email however, since I will also be enjoying my time off and will not check my emails regularly.

Advanced placement classes are conducted at a collegiate level. Your ideas should not be expressed in sentence fragments or with unsupported assertions, but rather with well thought-out responses. **The assignment is due by the first Friday of class. Assignments 1 and 2 are required.**

“Previous research has shown that children who do not read in the summer lose two to three months of reading development a year, while students who do read gain a month of reading proficiency. The result is a three- to four-month gap every year, which will snowball into a 1 ½--year gap between the time children complete kindergarten and the time they finish fifth grade.”
